<p>Mr. Plumstead has leased this building for a period of fifty years from the Kincaid family, with the idea of restoring the building and using it as a museum of local history. It is a frame building which is filled with brick nogging. The exterior is covered with clapboard while the interior is presently bare, down to the nogging. The building has undergone extensive remodeling in the 19th century, but presumably it was constructed during the first quarter of the 18th century. This is an excellent example of brick nogging.</p> <p><i>Presently being slowly re-furbished</i></p>		OPEN TO PUBLIC <u>no</u>
